- EXT Direct Print 600D

The EXT Eco Thread Jersey and EXT Eco Display made with Ciclo Technology Fabric, 2024 World Sustainability Award Winner, accelerates nature's bioremediation process. Fibers, yarns and fabrics have no loss of mechanical or durability characteristics. The mechanisms contained within Ciclo are only activated under prolonged exposure to moisture found in landfills, wastewater, seawater and soil. This bioremediation process reduces micro plastic pollution in the environment. ECO Passport by OEKO-Tex certified. All components are REACH compliant.

The fabrics listed on this page are EXT's most popular sold fabrics. We have access to over 1,000 fabrics based on your composition requirements. If you have fabric need, we can fill it.

EXT PREMIUM ACTIVE

Poly Microfiber Spandex

95% Polyester/5% Spandex

Width: 60"

Weight: 160gsm

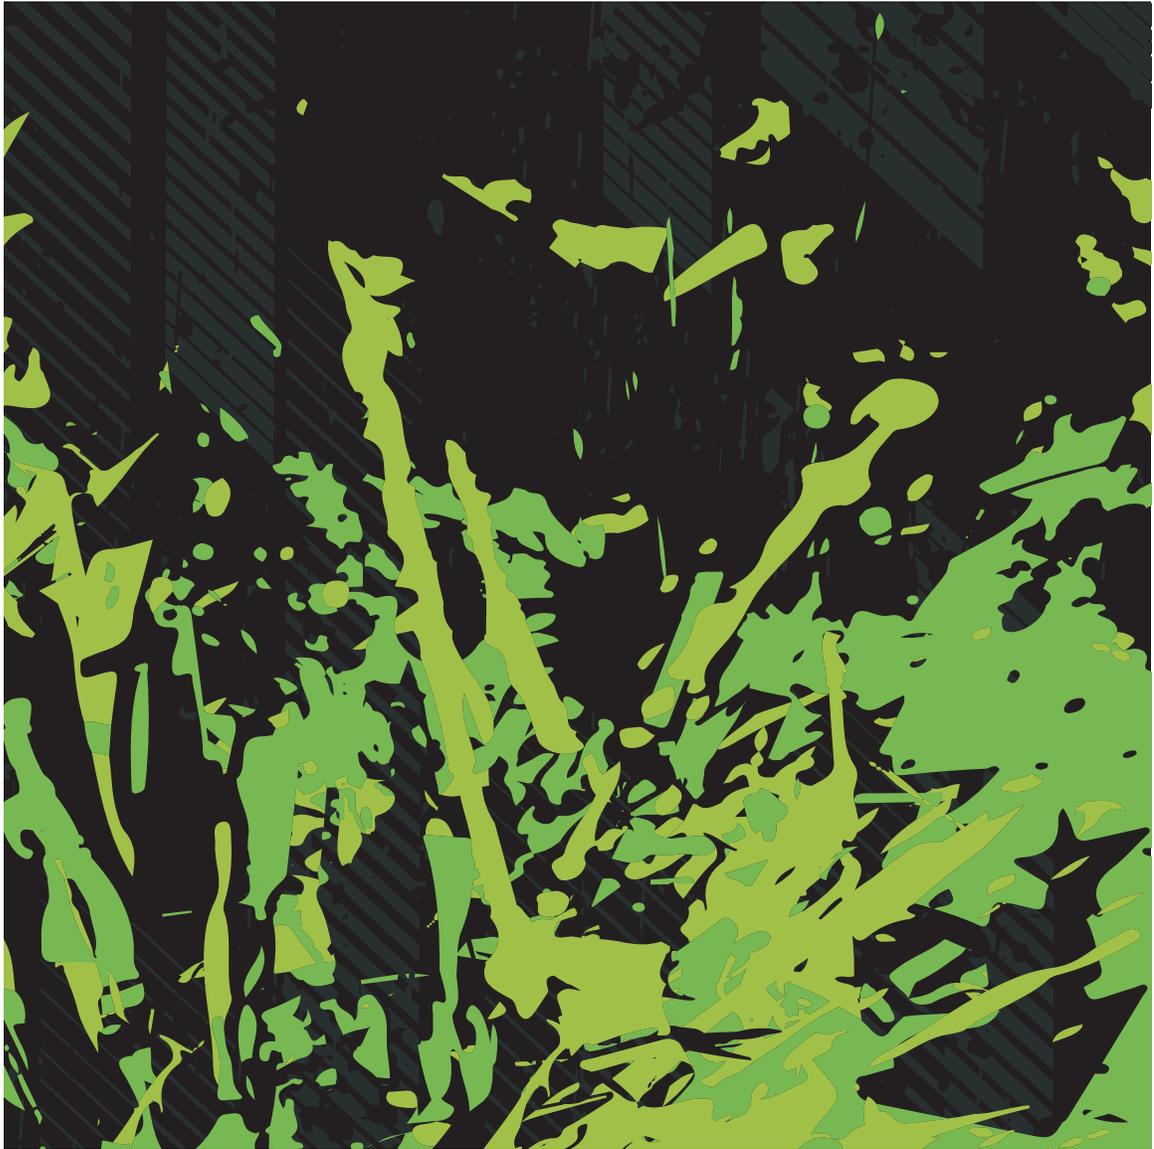

Roll Size: Approx 110 yards

\$3.95yd

Polyester microfiber spandex is a warp knitted fabric, wrinkle-free that offers comfortable wear. This lightweight fabric has 4 way stretch and can retain its original shape.

Activewear, Shirts, Tank tops,
Fashion tops.

EXT NO SNAG ATHLETIC

Poly Mechanical Stretch Wicking 

100% Polyester

Width: 60"

Weight: 140gsm

Roll Size: Approx 110 yards

\$2.28/yd

This 100% polyester mechanical stretch wicking contains no spandex, but still has a 2-way stretch and quick recovery. It is very comfortable, durable and soft to the touch. The mechanical stretch in the fabric allows it to breathe better, dry quick, and it's wrinkle free. Compares to soccer white.

Sportswear, Jerseys, Uniforms.

EXT BIRDSEYE MESH 140

Poly Wicking Birdseye Mesh

100% Polyester

Width: 60"

Weight: 140gsm

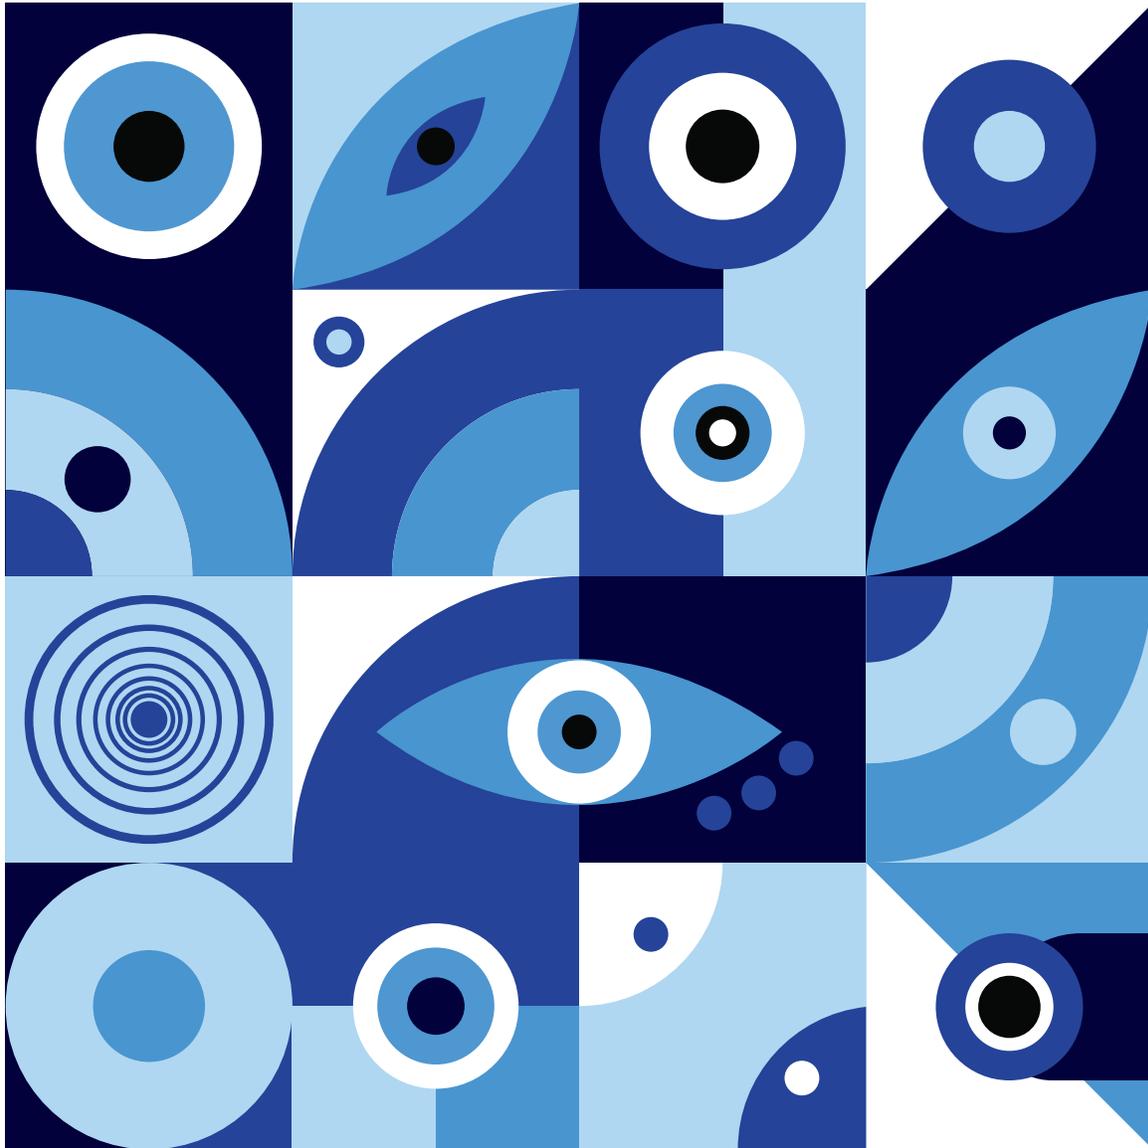

Roll Size: Approx 110 yards

140gsm \$1.95

Polyester wicking birdseye mesh is lightweight, breathable, and anti-microbial. 2-way stretch with a smooth feel, cooling, and quick dry properties allow this fabric to be suitable for sportswear.

Sportswear, Vests, Gussets, Polos, Shorts.

EXT BIRDSEYE MESH 180

Poly Wicking Birdseye Mesh

100% Polyester

Width: 60"

Weight: 180gsm

Roll Size: Approx 110 yards

180gsm \$2.75

Polyester wicking birdseye mesh is lightweight, breathable, and anti-microbial. 2-way stretch with a smooth feel, cooling, and quick dry properties allow this fabric to be suitable for sportswear.

Sportswear, Vests, Gussets, Polos, Shorts.

EXT PERFORMANCE LEGGING

Performance Spandex

82% Polyester/18% Spandex

Width: 60"

Weight: 230gsm

Roll Size: Approx 65 yards

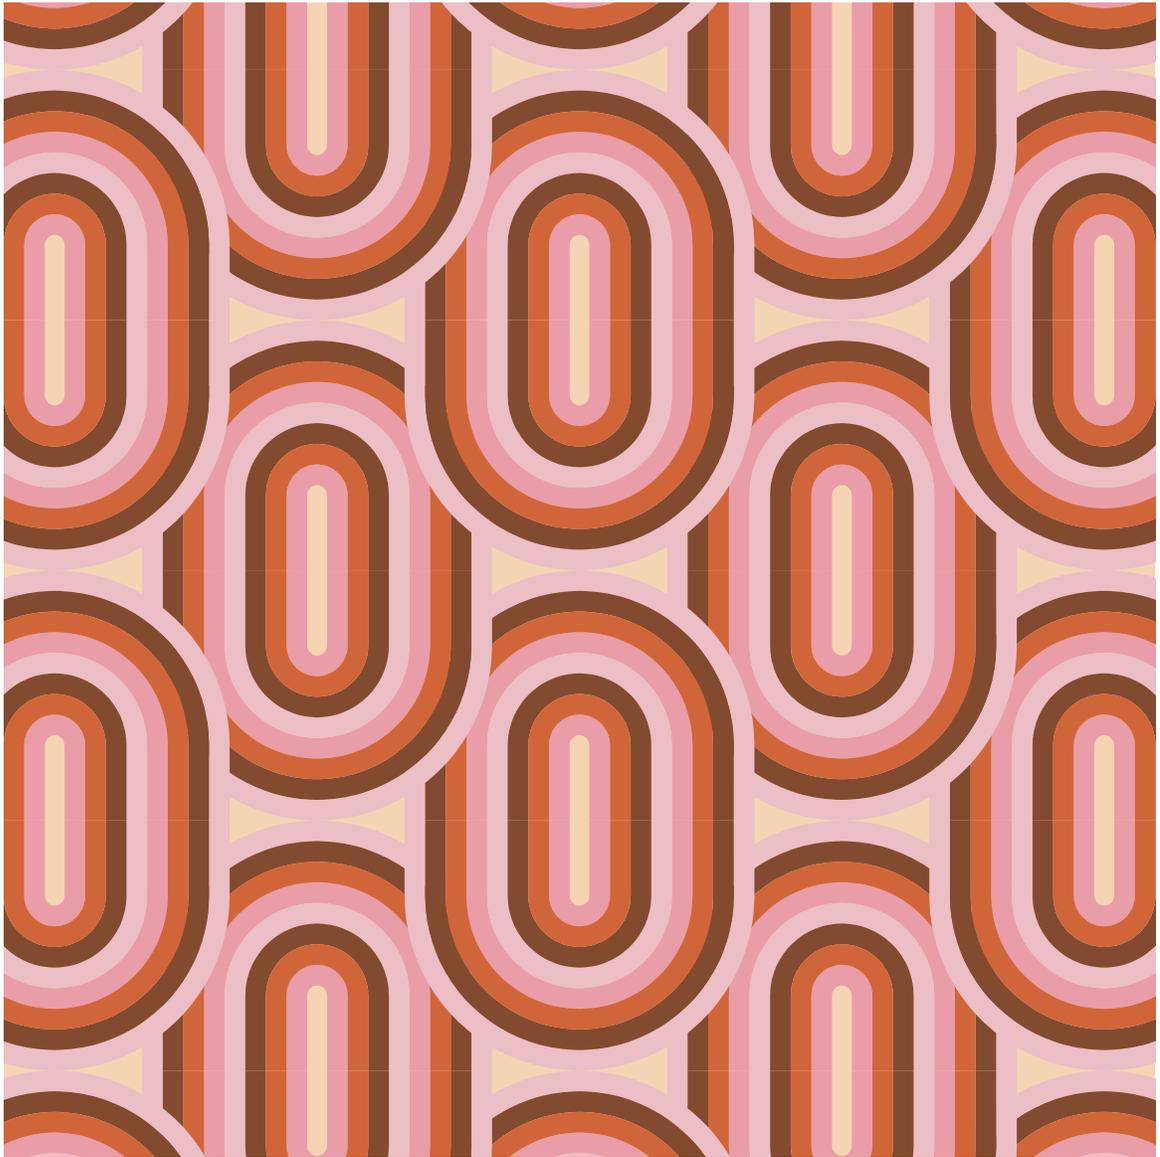

\$5.95yd

This warp knitted fabric offers a 4-way stretch. It's unique weave allows the fabric to be smooth on one side and textured on the other. This mediumweight fabric makes it ideal for close-fitting comfort stretch apparel.

Buttery soft fabric.

Activewear, Sports Bras, Leggings,
Swimwear, Leotards, Yoga Pants, Lingerie.

EXT PRO PERFORMANCE

Pro Performance Spandex

75% Polyester/25% Spandex

Width: 60"
